

INVITATION TO BID

Concord Regional Solid Waste / Resource Recovery Cooperative New Hampshire Cooperative Recycling Facility

Sealed proposals for the New Hampshire Cooperative Recycling Facility will be received at the offices of the CRSW / RRC ("The Owner"), 347-B Village Street, Penacook, New Hampshire 03303 until Wednesday, October 26, 2011 at 2:00 p.m. Bids received after the specified time will not be accepted.

The New Hampshire Cooperative Recycling Facility construction project, which will be located on an extension of Whitney Road in the Penacook area of Concord, NH will include construction of an approximate 47,600 square foot pre-engineered building that will house recycling equipment to be supplied by a separate vendor, a connected 7,600 square foot two-floor office building and associated site and utility work including a diesel fueling station, truck scale, and pervious and impervious pavement areas.

Contract award, agreement execution and notice to proceed are anticipated to be completed in November and December 2011, while site construction is intended to begin on or before March 12, 2012. Since time is of the essence, all work must be substantially completed for completion of the enclosed building to a point where installation of processing equipment can be installed by August 17, 2012 and for all work by October 1, 2012. The Contractor should note that liquidated damages in the amount of \$1,500/day will be levied for every calendar day in excess of the specified contract times.

Plans and specifications may be viewed at the offices of:
